PROJECT LOGISTICS INFORMATION:

Date Request Submitted:

Project Title:

Project WBS/Cost Center:

Proposed Feasibility Study Start Date:

Proposed Project Completion Date:

TOX Study Director:

Other TOX POCs:

Project Details (please provide sufficient details to allow LS to understand their role and the expectations for this development effort):

The intended use of the data (is it a one and done method development or expected to be a longer term, multiple sampling event project); etc.):

TECHNICAL INFORMATION:

Analyte(s) included:

IUPAC	Common Name	Known Alternatives

Analyte Information:

Analyte			
Chemical Structure			
Formula			
Solubility			
Compatibility			
Storage Conditions (temp, sensitivities, container type, etc)			
Safety Information			
Other Info

Expected Matrix:

Expected Concentration Range:

Desired Limit of Quantitation (LOQ):

Reference Materials:

Source						
Purity						
Available Quantity						

QUALITY CONTROL:

GLP Regulation: ___FDA ___EPA FIFRA ___EPA TSCA

REPORTING INFORMATION:

Raw Data: ___Archive by LS ___Include w/ Analytical Report

Report Type: ___Standard LIMS report ___Special Format
