Analysis Priority Requested:		Justification (Required see Note 2):									
<p><b>Note 1:</b> Sample Priorities are associated with Turnaround Time (TAT) <b>goals</b>. TAT goals are <b>not</b> guarantees. They are defined as the number of calendar days from sample receipt at the laboratory to the transmittal of data by Electronic Data Deliverable (EDD) or Certificate of Analysis via email, FAX or courier (DHL, FedEx, UPS or USPS). The LS "in-house" TAT <b>goals</b> are: Routine: ≤14 days, Immediate: ≤7 days, and Emergent: 48-96 hours (<b>test dependent</b>). Qualitative ID of Unknown Materials from samples of unknown origin may require up to 90 days or more to complete.</p> <p><b>Note 2:</b> Immediate / Emergent analysis priority <b>requires</b> a written statement documenting the <b>risk</b> that justifies the elevated priority.</p> <p><b>Note 3:</b> This Request for Laboratory Services will be cancelled 90 calendar days after the Projected Delivery Date unless the Project Officer provides a written confirmation of an updated Delivery Date.</p> <p><b>Note 4:</b> LS assumes neither responsibility nor liability for the sampling protocols employed by the customer.</p> <p><i>I do NOT authorize LS to sub-contract requested analyses to an accredited Contract Laboratory.</i></p>
